Halloween is probably the most exciting season when it comes to fashion. Yup, you read me right. I just love Halloween because it's that time of the year when we can wear the most outrageous outfits and get away with it! Don't you agree?

And here's a Halloween fashion secret I recently discovered... Edible Make-up! That's right! Why head to a costume shop to buy a make-up kit when you yourself can raid your kitchen to come up with your very own Halloween make-up? And you don't have to be Versace or Calvin Klein to come up with this easy to make fashion must have!

In a small bowl, combine cornstarch and flour. Then stir in vegetable shortening. Add any food coloring you would like. Experiment with as many colors as you like! There's no stopping you girl! Then stir in the glycerin and mix

Now you can apply your yummy make-up! Use your fingers or a make-up sponge to apply it. If you want to do more detailed designs, use small brushes.

Remember, be very creative with your own work-of-art! There are no rules to this! Let your fashion imagination fly and you'll definitely be one of the hottest spook on the runway!

Did you know that in the beginning, Halloween was more than just a fun time for young one's like us? Halloween is actually a very old holiday, dating back more than 2,000 years. It started among the Celtic people who lived in the areas which are now Great Britain and Northern France.

If the Trix has Icy, Darcy and Stormy, the Celts had Samhain, the lord of the cold, dark winter season. They believed that on October 31st the last day of their calendar year, he would call together all of the dead to search for people to possess.

That's why people would dress in scary costumes, and parade the town, hoping to frighten the spirits away. Bet you didn't know that!

In the 7th century, the Catholic Church named November 1 as All Saint's Day or All Hallow's Day to turn Samhain into a Christian holiday.

But the customs of the Celts remained. Soon, witchcraft came about, and October 31st was renamed to "Night of the Witch". These ceremonies and celebrations continued and October 31st was then called All Hallow's Eve, a night for superstitious beliefs and mystery. Through the years the name was shortened to Hallowe-en and then to, yes you guessed it... Halloween!

Beyond pumpkins, dressing in costumes, trick-or-treating and telling scary stories, Halloween is also fun because of music. A Halloween party is incomplete without spooky songs. Here's my countdown of the best Halloween songs!

Monster Mash

Written and recorded by Bobby Pickett, Monster Mash was the #1 song in America in 1962, the only Halloween song to ever do so. This graveyard smash has been a Halloween favorite for decades.

The Addams Family Theme Song

They're creepy and they're kooky, mysterious and spooky... this classic theme song from the popular 60's show has Halloween written all over it!

Ghostbusters Theme

From the 60's, we move on to the 80's. Okay, you probably weren't in this world yet when this song came about. But, with lyrics that go "I'm afraid of no ghost!", this classic should never be absent in Halloween parties!

Halloween

This song by the fun group, Aqua, is actually a bubblegum pop dance song that has a jumpy rhythm and cute lyrics. You'd think that the song would be scary but listen to it and you'll definitely feel the "Weeeee!" in Halloween!

Thriller

It was released way back in 1984 but Thriller arguably remains as Michael Jackson's most popular song. The spooky lyrics and melodies are probably enough to give you a good scare. But watch the zombies, ghouls, and werewolves groove in song's famous video and you will know why this is considered a Halloween classic!

We all know Halloween as a time of mystery and horror. Now, let me surprise you even more with these interesting Halloween tidbits I have gathered around the world.

Orange and black look good together. But that's not the real reason why they are predominantly used as Halloween colors. You see, orange is associated with the Fall harvest of crops, while black is associated with darkness and death. Makes sense right?

Jack o' lanterns weren't always carved out of pumpkins. When it originated in Ireland, people placed candles in hollowed-out turnips to keep away spirits and ghosts on the Samhain holiday.

Black cats have become "unlucky" creatures because they were once believed to be witch's familiars who protected their powers. I don't know what you think but I personally think they're beautiful.

Trick or treating has come a long way from its beginning in Ireland centuries ago. In preparation for All Hollow's Eve, the poor would call upon the rich folks and request money, gifts and food. The food was gathered for a huge feast and celebration. I guess, it's a lot more fun now!

The seed of Disagreement

C'mon! The sausages are ready!
YUM! I am not sure whether to give some away or eat them all by myself!
Ha! Ha! You just try!
Yum ... really
Did you think oth-erwise?
Uhm ... I don't know if princes study kitchens!
Well, this prince has studied them! When I was small I always used to rob the biscuits ...

... And while I used to hide to eat them, I would hear the cooks talking and that's how I learned recipes and tips!
Ha! Ha! That's cute!
Joking aside, the idea of this picnic is fantastic Sky! We really needed it!
Is school getting on your nerves?
Well, we are studying some difficult things and we are under pressure ... sometimes growing up is tiring!
But today I don't want to think about it! What do you say, will we have another one?
Let's go!
BRRR...RRROOOM
What's that?
AAAHH! LOOK!

THERE'S A SPACESHIP IN FLAMES! IT'S COMING OUR WAY!
RRRRRRRRR
DUCK!
HELP!

SKRAWWK!
SPLAT
ROAARRRRRRRR
AAAH!
LOOK OUT!

STELLA!
ARGH! COFF!
Are you ok?
Yes! Cough...cough.. I just had a little drink!
What a disaster!

WAIT!
Maybe there are some survivors. Let's go and see...
The emergency services are already on their way! Let's leave this to them...
LATER...
Oh, no! The TV people are here! I really hope they haven't caught me looking like this!
Sky, what have you found out?

It seems the engine of the cargo spaceship failed! But, emergency landing shouldn't have been very difficult ...
... something else must have happened to make it impossible. There should be an investigation here!
How are the crew members?
When they get here they will have to do some explaination.
Ahhm, let's go home, what do you all say? I'm freezing!
Come here Stella! Stay by my side!
Yes, it's better if we leave! There's nothing more for us to do.
...SO, LEAVE US TO DO OUR JOB, OK?
YOU ARE THE ONES HOLDING UP MY MEN! GET OUT OF OUR WAY!

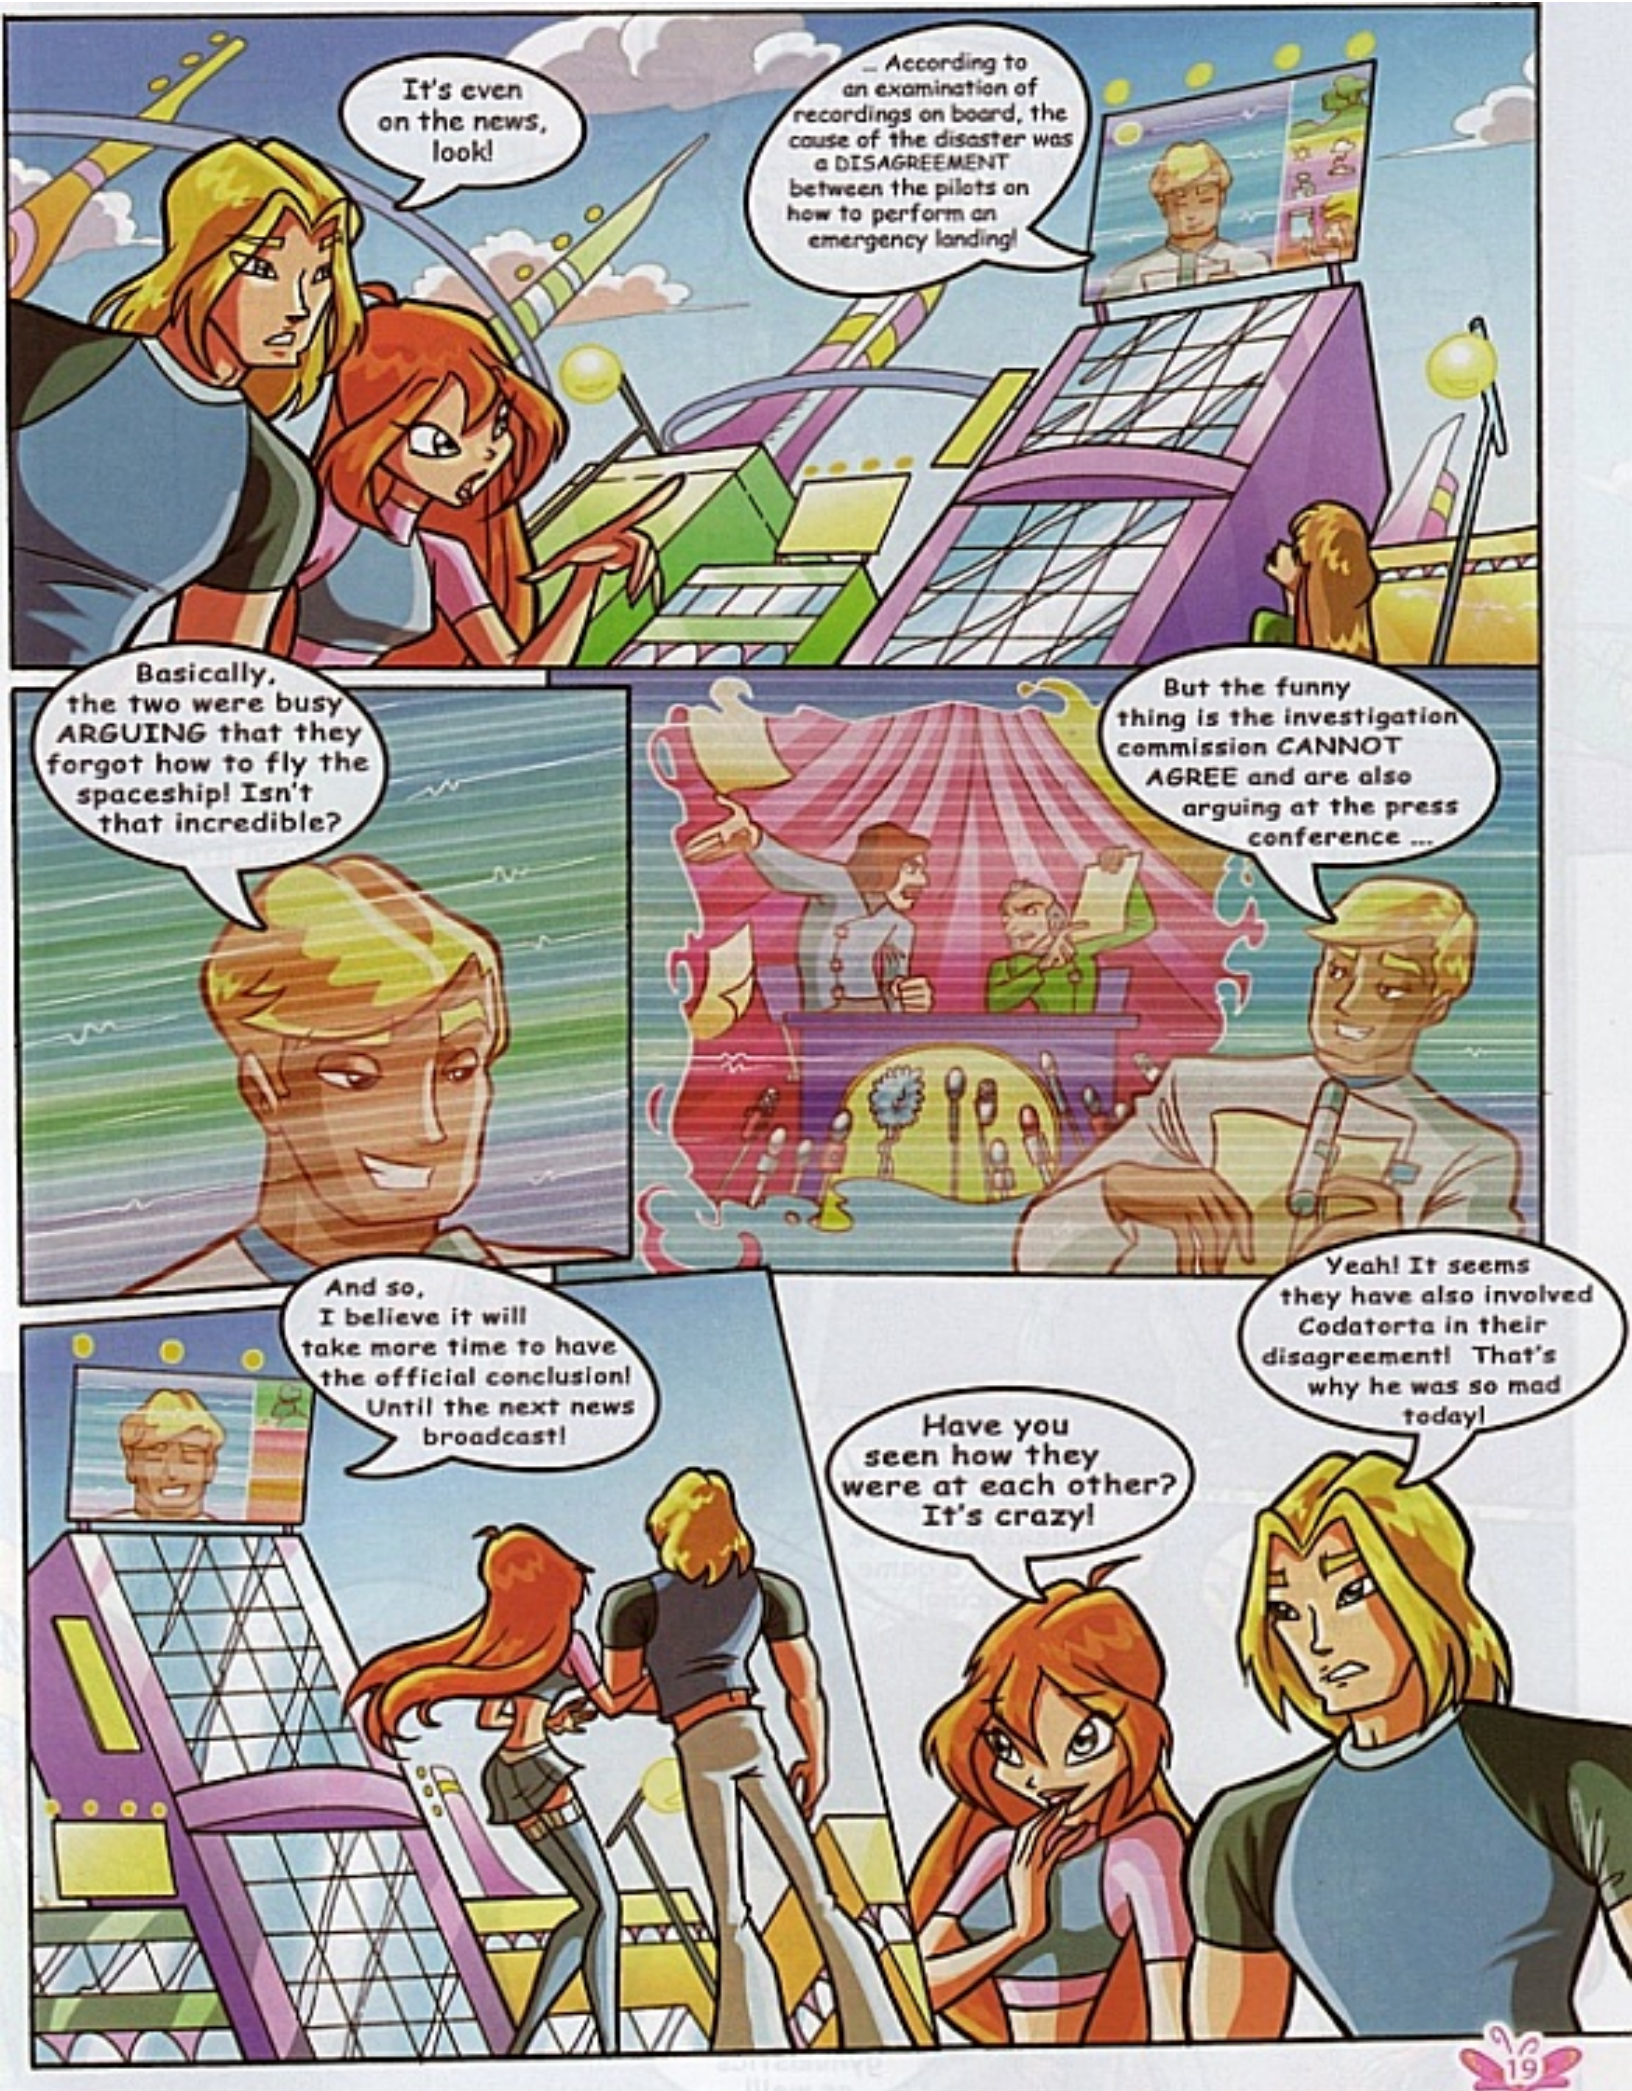
They don't agree much, do they?
It appears not! And now is not the time to argue!
... And so, by getting the DENOMINATOR of the dose of DWARF FIVE LEAF CLOVER what do we have?
A FEW DAYS LATER
Ahhh.... I can't take anymore of this!
Eh? What do we get!
MISS STELLA, I am asking you a question! WHAT DO WE GET?
Yay!
STACK

Ah! Well, what ... what do we get? Eh! Eh! I have always asked myself the same question!
Really?
Of course! Ehm... I can't sleep at night thinking about what we get! Eh! Eh! Well, I am sure I know this one ...
Uhm!
I, on the other hand would say that you know nothing because you were not paying attention! I'll give you all ZERO!
Whaaa t?
ZERO? But ... but that's absurd! Zero is TOO LOW! You have never given us such a low grade!
Ah, really?
Yes! I was already doing well, now I could never recover from zero!
And what average grade have you had up to now?

Well, if the maximum grade is 10 and I have four point 35 .... practically 4 and a half, that is nearly FIVE! I almost passed!
I admit I haven't excelled lately, but you could give me a six ... even a poor six! It would be a lesson for me to do better.
I said ZERO ...and not one grade more!
Ahhhh!
What's wrong with him today?
He was right! That'll teach you!
?
Are you saying teacher is right?
Let's just say I DO NOT AGREE with Stella, ok?
Mmmh!
He could pick on you too, cow! Next time I'll be the one laughing!

But what is her problem? Are we fighting among ourselves now?
Calm down Stella! Don't pay any attention!
Fortunately, the lesson is finished
Heard he was arguing with Griselda this morning! That has never happened before!
I have never seen Wizgiz so mad!
What's happening? Everyone feels so uneasy!
Great.....and I'm just in the middle of it all.
Why don't you come to town with me? I have to meet Sky and maybe you could invite Brandon!
No ... thanks! I am really behind with my homework ... and today really isn't a good day!
Have a good time, you guys.

LATER AT MAGIX
Sky, yu-uuh! I'm over here!
Hi, how are you?
I'm ok, thanks. I just need some fresh air!
Red fountain was the same!
School was tough today! Everyone was agitated!
The teachers were busy with the investigation.
Any news there?
Well, it's not yet final, but what seems to have happened is really strange.



It's even on the news, look!
... According to an examination of recordings on board, the cause of the disaster was a DISAGREEMENT between the pilots on how to perform an emergency landing!
Basically, the two were busy ARGUING that they forgot how to fly the spaceship! Isn't that incredible?
But the funny thing is the investigation commission CANNOT AGREE and are also arguing at the press conference ...
And so, I believe it will take more time to have the official conclusion! Until the next news broadcast!
Have you seen how they were at each other? It's crazy!
Yeah! It seems they have also involved Codatorta in their disagreement! That's why he was so mad today!

What's Codatorta got to do with this?
I don't know! They wanted his opinion ... and also that of Professor Wizgiz, it seems ...
They all went to inspect the wreckage, as experts!
Even Wizgiz? That's strange ... maybe that's why he was so agitated!
Ah, let's not think about it now! Where are we going?
What do you want to do?
They have opened a new shopping center! Let's go and take a look at it.
More shops? No way!
Come again? We are definitely not going there!
I'd rather go to the sports complex! Maybe we could have a game of fencing!
Gymnastics? What?
Ok, I don't mind what we do! But we are going to look at the artistic gymnastics as well!

AND SO, AS EXPECTED ...
STANG
?!?
?!?
What's wrong with her?
Bloom, what happened?
It all went wrong today, with Sky ... sniff ... we fought from start to finish! Sniff!
What?
I don't know what happened ... sniff! We couldn't agree on anything! I tried to please him ...

We were almost going to split up for good! SIGH!
Cheer up Bloom! It's just a passing phase, you wait and see!
But what is happening? The boys must really be under pressure!
You're right Bloom! I even know that Helia argued with Codatorta ... and he was punished for it!
We're not like them, are we?
They're arguing too much!
Ahhh! I can't study anymore! Look ... I have wrinkles everywhere!
Girls should have twice the patience of boys. Believe me, boys will not survive without us!

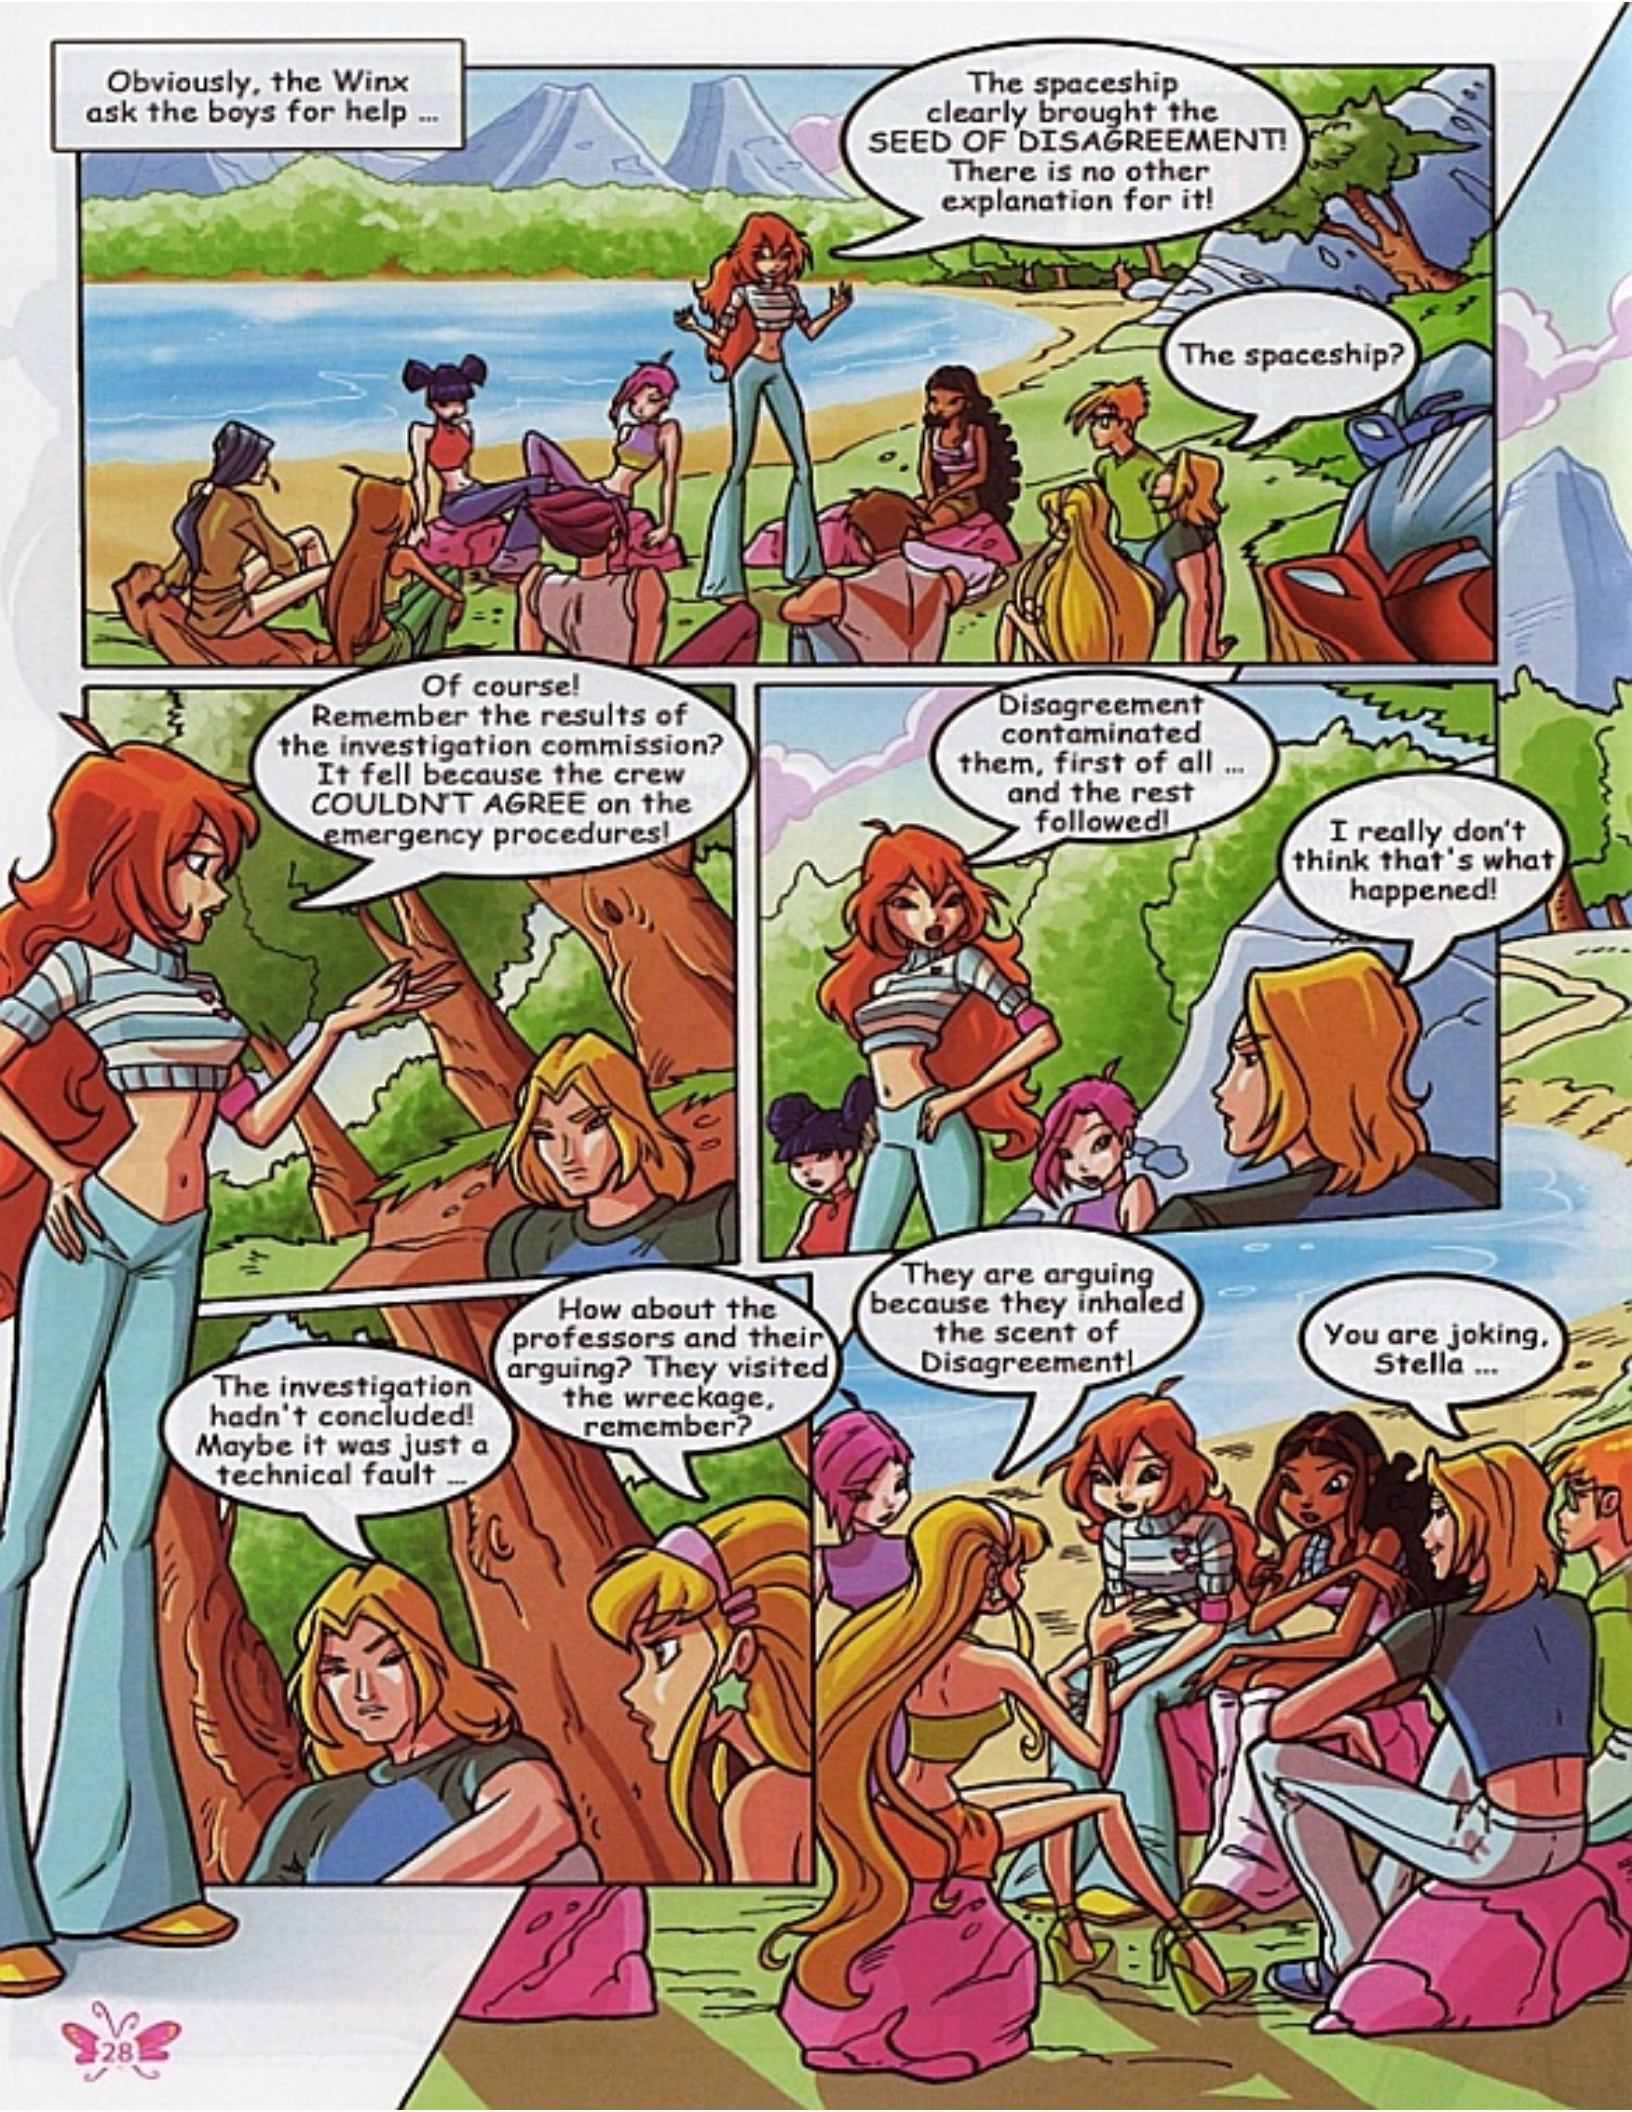
The next day, things seem even worse ...
After breakfast it will all be forgotten, you wait and see!
How are you Bloom? Are you feeling better?
Oh, sorry!
Ouck!
TUMP
Ehm ... I said sorry! It was an accident!
You should be more careful? I have stained my dress!
Silence! You do not argue in the canteen!
We were not arguing! We ...
I DO NOT AGREE! You were raising your voice and that means you were arguing! This has to be brought to the Registrar!
What?

I don't deserve the note! We weren't doing anything!
What is going on?
Breakfast is getting cold girls! I think we can leave things at that, right Griselda?
No way!
CLAP
I think we should be very strict! Discipline means everything in a school like this!
My God! Did you just hear that?
Has Griselda just contradicted Faragonda? That has never happened before!
Come on Griselda! Fairies must and foremost be understanding and tolerant and ...
If I may, I DON'T AGREE!
What? Even Avalon, now?
This is unbelievable!

What is happening in Magix?
?!?
Excuse me, but I have to intervene! I want all of you to please come to my office!
?!?
You come too girls! This is important!
?!?
And now? Can you make sense of this?
No, I can't!
Something bad is happening. I can feel it!
I have brought you all here today to carry out an important survey .... a confidential survey, at least for now!

How many days have you been... ARGUING? Have you smelt any strange odors or scents in the air?
What?
First of all, I don't agree with ...
I KNOW you don't agree! And it is for this reason I am carrying out my research!
In Redfountain, in Cloud Tower ... and even in Magix the same thing is happening! People are getting angry and fighting over everything as they are falling prey to DISAGREEMENT!
It's possible that ... we thought it was EXTINCT forever, but if that's not the case everyone in Magix is in danger!
Extinct, what?
The DISAGREEMENT PLANT! It may appear impossible, but that plant really exists and its effects are terrible!

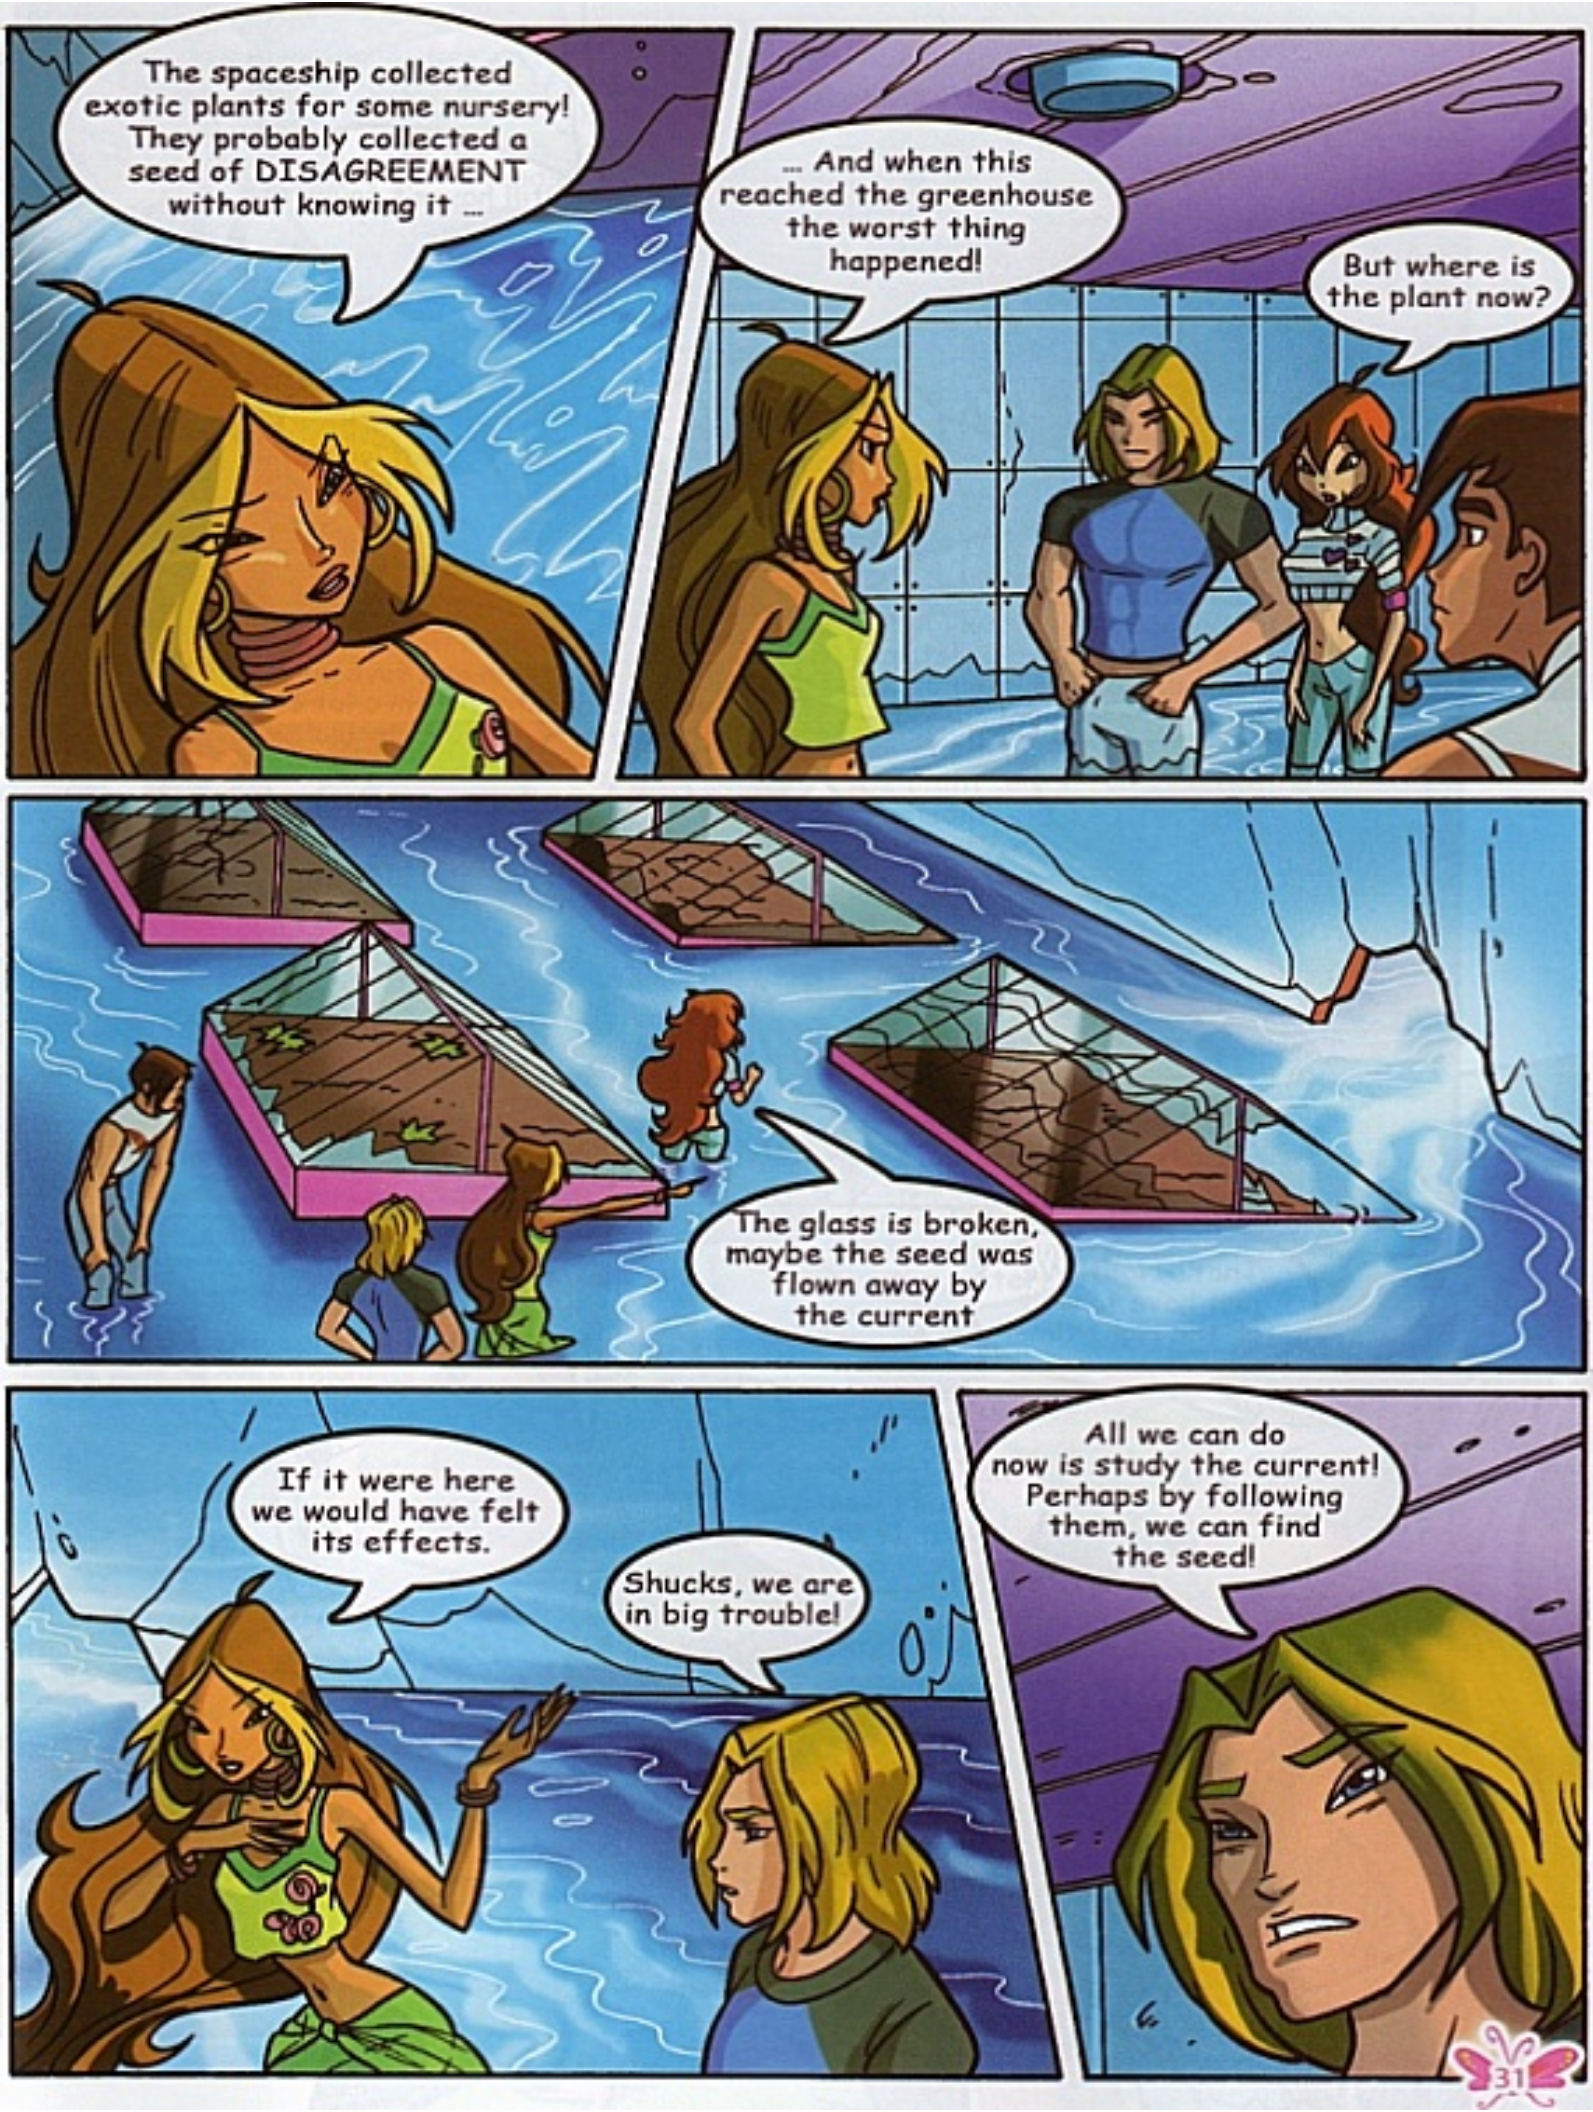
The ancient Sages tried a long time ago to eradicate the plant from the universe and we thought they were successful ...
... But obviously some of them survived and have reached us!
Discordiae
We have to find it before the spores spread and root! We have to save the world!
The plant is that dangerous?
Its scent increases existing disagreement among mankind and makes it permanent! All human relations become IMPOSSIBLE!
We must mobilize all the schools, SECRETLY, to avoid panic! Look for it and find it ... but do it SOON!



Obviously, the Winx ask the boys for help ...
The spaceship clearly brought the SEED OF DISAGREEMENT! There is no other explanation for it!
The spaceship?
Of course! Remember the results of the investigation commission? It fell because the crew COULDN'T AGREE on the emergency procedures!
Disagreement contaminated them, first of all ... and the rest followed!
I really don't think that's what happened!
The investigation hadn't concluded! Maybe it was just a technical fault ...
How about the professors and their arguing? They visited the wreckage, remember?
They are arguing because they inhaled the scent of Disagreement!
You are joking, Stella ...

YOU ALSO inhaled it when you got close to the wreckage to ask for information and you in fact fought with Bloom for no reason!
What are you saying? That's not true!
Bloom is right! For this reason not even the authorities can agree ... DISAGREEMENT is taking effect on them too!
We have to hurry before it is too late! We need to explore the wreckage and find the plant before it affects us!
They left it there to finish the investigation! It could be really dangerous to go in!
I don't agree! I think you are all wrong!
Sky, only our FRIENDSHIP can overcome DISAGREEMENT! Please convince yourself and help us!
Ok, I ...
You are right Bloom ... I'm with you!
29

Can you see anything?
This is the door to the hold!
Look! They look like small greenhouses!
Poor things! They have all suffered, locked up in here!
Do you know what they are? I mean ... are they the Disagreement plants?
No! They are exotic plants, completely harmless! I think I know what happened!



The spaceship collected exotic plants for some nursery! They probably collected a seed of DISAGREEMENT without knowing it ...
... And when this reached the greenhouse the worst thing happened!
But where is the plant now?
The glass is broken, maybe the seed was flown away by the current
If it were here we would have felt its effects.
Shucks, we are in big trouble!
All we can do now is study the current! Perhaps by following them, we can find the seed!

They are coming out!
Yes, but they don't have the plant yet
They still haven't found anything yet! For this, we should follow them.
Unfh! But will they ever find it?
There are more of them than us and they can move around more freely ... I am sure that sooner or later they will find the seed of Disagreement
Then we will rob them and save ourselves from a lot of work! Ha!ha!ha!
That's right! We just have to wait for the right time!
Let's hope so! But I don't want to give it to Griffin!
No way! This is too useful for us! We will take it and keep it for ourselves!

Let us not lose track of them. Let's follow those fairies and their friends!
Some time later ...
Yes! Keep going!
Are you sure we are going in the right direction?
The current moves towards this bay!
Let's hope we are in luck!
Keep looking at the RED COLOR that we put into the water!
Yes!

That was a great idea to use coloring! It is harmless to fish ...
... And it has indicated the exact direction of the currents! All thanks to Timmy!
What's Timmy got to do with it? It was my idea!
What?
You listen here! You are always bragging! It was my idea, ok!
Ah, really?
But ... boys, what is wrong with you?
Brandon, no! Calm down!
Don't look at me like that, you hear me? Stay back!
Uff!
Leave Brandon alone!
?!?
What's going on? Do I have to teach you guys a lesson?
Don't mess with me!

Show her Layla!
... Oh, what am I saying? We can't be near ...
The seed of DISAGREEMENT, of course! That's what is changing us!
We have to leave right away! LET'S GO BACK SKY!
What? I don't agree! I ...
TURN IT AROUND, I said! Our lives are resting on it!
ROAR

The winx will take away the effects of Disagreement... Or, at least, I hope so
HOLD ON!
... Oh, what happened to me?
We are better now. We were near the Disagreeement seed. Luckily, we got away from it.
The seed is in that river. We finally found it!
Its effect was too strong! Good thing our friendship allowed us to overcome the situation.

But if we move closer, we can't handle its effect! I don't know what to do!
We will inform Faragonda ... or the authorities in Magix! Let them figure it out!
With the adults, it is even worse! They would never agree on what to do remember the spaceship crew?
But sometimes that's not enough, unfortunately ...
Do you really think that young people could do it?
I think so! Friendship is more important to young people than adults ... we are more indifferent ... we love each other more intensely!
Perhaps there are some people who are better than us!
The PIXIES are children, strong and full of love! They could do it!
Excellent idea! I am sure they could pull it off!
That's true! Well done Flora!

Of course, we will help you Bloom....
Thanks Lockette, you guys have to be very careful.
Don't worry DISAGREEMENT won't have any effect on us!
I am extremely generous and calm! I could never become evil or a pain!
I have my doubts!
Look who's talking?
Unfh!
Everything will go well, Bloom. I promise!
Ehm ... I hope so Lockette!
Hey you guys!

The bay is in the other side of the forest! The seed must be somewhere near the bank!
Wait here! We'll be back soon!
I have always wanted to do something HEROIC! It feels so good!
You stay back! I was here first!
There's the lake! The seed must be on the shore!
Stay back, I said! I'll find it!
I brought this glass jar! Puff! Puff! We will put the plant inside!
Good idea! That way its scent cannot do anymore harm!
Give me the vase!
No way, it's mine!

GIVE IT TO ME, I said!
NO, NO and NO ...oooops!
Oh, no! Grab it Piff!
Shame on you both? We should never DISAGREE with each other!
Sorrrry, Lockette!
Toota!
Now, since you are friends again, make up with each other, c'mon!
I love you Amore!
Me too! I am sorry!
Toota? Patoota!
Oh, shucks! I had forgotten to ...

... PIFF! Have you found the SEED OF DISAGREEMENT!
Toota!
ZACK
Well done Piff! You are really brilliant!
You are really the best, Piff!
Close the jar, quickly!
.... AAAAAH!
Let's get back to Bloom, hurry ...
ZACK

GOT THEM! Release the SOPORIFIC CLOUD, quick!
Ooohh... IIIhhh!
SWOOSH
Ah! Ah! Look how they are sleeping! The Disagreement plant is now ours!
Ha! Ha! Ha!
No-one has to know that we have the seed of Disagreement! Remember that we are officially on the road to redemption!
Ha! Ha! Ha!
Let's leave them here! They have done what they had to do ... and without recognizing us!
Uff! So we can take this stuff off then!
Ahhh!
Why?

The Winx are on their way here!
It's odd that the Pixies haven't returned yet!
But is it a good idea to go close to the seed of Disagreement?
It doesn't appear to be having any effect on us! Maybe the Pixies managed to get it.
What are we going to do?
We have to create a diversion!
Help me! We need a big fire to create a lot of fumes ...
... So we can escape without being seen? Ha! Ha! Ha! I understand!

WAMP
HELL'S FIRE BE RELEASED FROM OUR HANDS AND TURN EVERYTHING AROUND US INTO A VOLCANO!
ZTSSRRRO
Ha! Ha! Ha! The fire is perfect! Stormy, now we need a big wind to ...
... STORMY!?!
She's taken the SEED OF DISAGREEMENT!
Ha! Ha! Ha!

With this plant I will be more powerful than everyone else! Ha! Ha! Ha!
Stop, thief! STOP!
SWOOSSH!
Ha! Ha! Ha! You missed!
KRRRAKKT
Ouch!?
NOOO! THE GLASS JAR!
SCRASCH

Take it, quickly!
YOU FOOL, LOOK AT WHAT YOU'VE DONE!
UGLY WITCH!
NO! IT'S MINE!
Get out of my way!
AAAHH!
Did you hear that? Someone is shouting!
I didn't hear anything!

Maybe they are the people who set the forest on fire! It definitely wasn't a flash of lightening!
We have to get out of here!
We are already surrounded by the fire!
This is where we come in boys!
Let's activate the shields, fast!
C'mon!
With pleasure!
Let's go!

We did it!

Excellent work, guys!

So if I tell you that you make me float on air when I am with you, would you believe me now!

How about the Pixies? Where could they be?

Let's walk around the fire! Maybe we'll find them there!
They know how to fly too! Maybe they were held up by the fire!

What is that smell? Has someone burnt my dinner?
Oh, but it's not only the dinner burning! Chatta! Tune ... wake up!
What's happening?
Oh, no! The jar is broken!
C'mon! C'mon! Let's go! It's not very nice to have burnt clothes!
And, a little later ...
Here we are! We are back!
Hellloooo!
Look! The Pixies are over there!

Lockette recalls what happened ...
... We ended up in a type of web that made us fall asleep! The jar was broken and the plant was completely burnt!
You mean to say that the seed of Disagreement has been completely destroyed?
Yeah! Is that really bad?
No, THAT'S BRILLIANT! HURRAH!
You were excellent, little sisters! Really excellent!
Mission accomplished! Ha! Ha! Ha!! Fairies vs. Witches!
THE TRIX INHALED THE DISAGREEMENT SMOKE WHICH HAS A STRONGER EFFECT...
YOU UGLY COW! YOU TRIED TO TRICK US, EH?
Stop! AAAH!
SCRATCH HER! Scratch her more! Ouch!
THE END
